SNOHO  WASH

GETTING STARTED

We are honored to be considered as part of your special day!

We offer tiered cakes, individual cutting cakes, cupcakes, mini cupcakes, decorated sugar cookies, and cake pops. We also offer delivery and setup with limited availability.

We recommend booking your wedding 2-6 months prior to your date. A great place to start is by scheduling pickup of a Tasting To-Go Box. This can be pre-ordered by phone, in person, or using our online ordering system and includes 12 mini cupcakes in our most popular cake and frosting combinations. You may add on a sugar cookie or cake pop upon pickup (subject to day-of shop availability).

If you are already a Simply Sweet fan and know what your're looking for, feel free to skip this step.

WHAT'S NEXT?

Once you've had an opportunity to choose your favorite flavors, you'll need to call and discuss if a consultation appointment is the best next step for you. Sometimes we can place your order without requiring an appointment. Consultations entail a 30-minute time slot in which you will have the opportunity to sit down with one of our team members and discuss the details for your wedding treats.

Please make sure to bring any inspiration photos and color swatches with you so that we can better bring your dessert visions to life.

At the end of your consultation, you may book your wedding order (confirmed with a 50% deposit) or take the information we've gathered together and book at a later time.

FREQUENTLY ASKED QUESTIONS ...

Do you deliver?

Our base delivery fee is \$75 and covers a five mile radius from our shop (this includes most Snohomish wedding venues). Additional miles incur a fee of \$3/ mile. As with anything, we do have a delivery zone so if your venue requires the crossing a mountain pass or a body of water by ferry, we probably can't deliver. Make sure to check in if you think your venue is in question.

We are also happy to set up your treats upon delivery. Pricing is based on the quantity of treats being set up but ranges from \$40-\$70.

How many flavors can I choose?

When it comes to your wedding cake, you can choose one cake flavor and one filling flavor per tier. However, cupcakes can be done in as few or as many flavors as you'd like. We typically recommend 3-4 flavors of cupcakes. Too many and your guests may feel compelled to try one of everything, depleting your servings.

What is a standard serving size?

When considering a wedding cake to serve all of your guests, typically a cake to serve slightly more than your max guest count is recommended.

For regular size cupcakes, we recommend one per person plus a dozen or two extra (it never hurts to be a little over prepared).

For mini size cupcakes, we recommend two per person. These are truly bite size cupcakes and it is likely that most guests will have two.

What if I want flowers on my cake?

While we do not offer any fresh florals or greenery that doesn't mean you can't add flowers to your cake.

Fresh florals and greenery can be added to your cake on site and would be provided by your florist. It is important to check in with your florist and confirm that this is something they accommodate as florists often prefer to add their own blooms. If this is not the case, we may be available to add florals upon delivery. This would need to be pre-arranged and would incur a fee of \$40.

Alternatively, you may purchase artificial florals and greenery and bring them in before the date of the wedding. We will gladly add them to your cake at no extra charge.

I'm interested in a dessert table.

We don't offer specific dessert table packages but any of our bite-sized treats can be ordered in any number of variations.

PRICING GUIDE

ALL PRICES LISTED BELOW ARE STARTING PRICES AND ARE SUBJECT TO CHANGE BASED ON DESIGN.

WEDDING CAKES

Standard Cutting Cake

6": Serves 10-12
